

Please do not weaken the current no-call list. In fact, it would be nice to have it strengthened. Currently I'm receiving about 2-3 calls per day from what sound like non-profit organizations wanting donations. Most callers state they are veteran, police or fire related but you just don't know. When I ask where the money is spent or what it is used for and how much actually is spent on services vs administration, they don't have a clue. My preference is for them not to call me.
